

DEMENTIA DIAGNOSED

Communication Strategies: Learn the best techniques to talk with your loved one again

Understanding and communicating with loved ones living with dementia can often be a difficult experience. By learning communication techniques and focusing on your loved one's strengths and abilities, you can bring joy and meaningful connection back into your relationships. In this seminar, we will:

- Gain an understanding of Alzheimer's disease and related dementias
- Learn about cognition and how it impacts individuals living with dementia
- Explore abilities and strength-based care approaches
- Gain an understanding of how individuals with dementia communicate
- Discuss the best techniques for communicating with persons with dementia
